

SOUTHERN PLATTE FIRE PROTECTION DISTRICT

8795 NW N HWY., KANSAS CITY, MISSOURI 64153 • (816) 741-2900
FAX: (816) 741-7292

Application for Permit to Open Burn Vegetative Waste

INSTRUCTIONS

1. Read both sides of attached DNR application form carefully.
2. Fill out Applicant Information, Site Information and sign where indicated under Applicant Certifications.
3. Return your completed application to the Fire District in person, or
 - Email to FireMarshal@spfpd.com
 - Fax to (816) 741-7292, Attn: Fire Marshal
 - Mail to SPFPD, 8795 NW "N" Highway, Kansas City, MO 64153
4. A site inspection will be made by the Fire District to determine if open burning will create any hazards.
5. With approval by the Fire District, DNR will then either approve or deny your application and return it to you.
6. After receiving your permit, notify the Fire District's On-Duty Battalion Chief at (816) 801-8305 each time when you start your burn and again when your fire is out.
7. The applicant of the permit must have the permit readily available at the burn site.

The Southern Platte Fire Protection District ordinances require compliance with DNR regulations; notification when open burning is being conducted, as well as a watchperson on site with a means of preventing any spread of the fire. Ordinance violations are punishable by fine.

APPLICANT CERTIFICATION AND DEPARTMENT OF NATURAL RESOURCES APPROVAL/DENIAL

I certify that:

- The information contained in this application is true and accurate to the best of my knowledge.
- I have read and will comply with the standard conditions and any special permit conditions that may be required.
- The department may revoke this permit if conditions are violated or a complaint or nuisance is created by the open burning.
- This permit will be effective for 60 days from approval unless otherwise terminated.
- In no way does this permit relieve me of my obligation to comply with all applicable federal, state and local laws or regulations.

OPEN BURN PERMIT STANDARD CONDITIONS

1. The permission to burn in no way relieves the permittee of their obligation to comply with any other local, county, state or federal rules or regulations.
2. This application becomes the burn permit once signed by the designated Department of Natural Resources representative. Before any burning takes place, the permittee must submit to Department of Natural Resources Regional Office, a completed application signed by a representative of the local Fire District.
3. A representative/employee of permittee shall be present during all burning to ensure compliance with this permit and to make certain the fire(s) are out after 5:00 p.m.
4. Only tree trunks, tree limbs, leaves and brush originating on the site may be burned. For permits allowing the burning of untreated wood, only waste meeting the definition of "untreated wood" may be burned.
5. The distance from the burn site to the nearest occupied structure (residence or business) must be greater than 200 yards, unless an Air Curtain Destructor is used or waivers were obtained.
6. Burning will take place only between 7:00 a.m. and 5:00 p.m. and within any more restrictive burn times that may be applicable (e.g. the St. Joseph and St. Louis areas).
7. Should a problem arise from the burning, such as a public health hazard, nuisance, or a hazard to vehicular or air traffic, the permittee must correct the problem immediately.
8. This permit is effective for 60 days from the date issued.
9. This permit will be revoked immediately for failure to fully comply with any of the conditions and restrictions.
10. The permittee shall notify the local fire department each day before starting any burning.
11. Any other permits required by the State of Missouri Department of Natural Resources (i.e. NPDES Land Disturbance Permits) must be applied for and obtained. Failure to do so may result in termination of this permit. Please contact your local Regional Office regarding other possible permitting requirements.
12. Permittee authorizes Department of Natural Resources personnel to enter the site at any time during the term of this permit for inspections and permit compliance determinations. If this permit is terminated or revoked for any reason, a full application must be resubmitted.

DEFINITION

Untreated wood – Lumber and other wooden materials that have not been chemically treated for resistance to moisture, fire, fungi, insects and other pests, or has not otherwise been treated or manufactured with chemicals, or that does not contain adhesives or resins. Untreated wood does not include plywood, particleboard, chipboard or wood with other than insignificant quantities of paint, coating or finish.

SPECIAL CONDITIONS

All tree and vegetation materials suitable for other uses such as fireplace wood, posts, saw logs, etc. should be removed prior to burning.
